

ICE SHEET

LEARN TO CURL (LTC)

Learn to Curl

The club welcomes youth (15 years and over), adult, seniors and anyone who can slide a stone down the ice.

It's the fastest and best way to get the hang of curling. A half hour of off-ice instruction gets you started. Then you accompany an instructor for focused on-ice instruction. Finally, you'll get to experience real game play. By the end of the session, you'll be a curler! It's that easy!!!

The learn to curl session will teach the fundamentals of the sport of curling. This includes rules, game etiquette, scoring, sweeping, delivery of stones, and general strategy of the sport. All you need is clean sneakers, loose clothing, jacket/sweater and gloves (it gets cold on the ice) so be sure to wear warm comfortable clothing. Advance registration is required.

** Parents or legal guardians must sign waivers for children under 18 years of age.

* Please check our website for dates and times.

To register: please call Roger White at 910-833-4011 or e-mail to register at info@coastalcurling.com

COASTAL CAROLINA CURLING CLUB

The CCCC was organized in August of 2011 to further the nationwide expansion of curling into Southeastern North Carolina. CCCC is one of three active clubs in NC, the other two being Charlotte Centre Curling Club in Charlotte and Triangle Curling Club in Raleigh. CCCC is comprised entirely of volunteer members, managed by a volunteer board of directors and governed by its own bylaws. CCCC is a non-profit, tax exempt 501(c)(3) entity devoted solely to the promotion of curling.

CCCC is considered an “Arena Club” and curls at the Wilmington Ice House located in the Ogden Business Park just north of Ogden Park. CCCC is a member of the United States Curling Association (USCA) and the Grand National Curling Club (GNCC). Visit our website at www.coastalcurling.com and “Like” us on Facebook at Coastal Carolina Curling Club.

New members are always welcome. Contact president@coastalcurling.com or info@coastalcurling.com or ask any CCCC member for more information.

WHAT IS CURLING?

Curling is a sport in which two teams of four players each slide 42 pound polished granite stones, also called rocks, across a sheet of ice towards a target area which is segmented into four rings at the opposite end of the sheet. Each team takes turns throwing their eight stones. The purpose is to accumulate the highest score for a game; points are scored for the stones resting closest to the center of the house at the conclusion of each end. The end is completed when both teams have thrown all of their stones in one direction down the sheet. A game may consist of eight or ten ends. The team with the most points after the game wins.

CURLING TERMINOLOGY

- **Bonspiel:** a curling competition or tournament.
- **Brush/Broom:** a device used to sweep the ice in the path of the moving stone.

- **Button:** The circle in the middle of the house.
- **Curl:** the amount a rock bends when traveling down the sheet of ice.
- **End:** The way a curling game is divided. An end is like an inning in a baseball game.
- **Guard:** a stone placed in a position that may protect another stone.
- **Hacks:** Rubber footrest where you push off to deliver your stone.
- **Hammer:** The last rock of the end.
- **Hit:** takeout or removal of a stone.
- **House:** The name of the giant bull’s eye at either end of the sheet of ice. (12’, 8’, 4’ and button)
- **Hurry hard:** A directive given to the sweepers by the skip to begin sweeping.
- **Pebble:** a fine spray of water applied to the ice before commencing play.
- **Rink:** the name of the curling team.
- **Rock:** also known as a stone made from granite and weighs approx.42 pounds.
- **Sheet:** the frozen surface on which a game is played.
- **Slider:** the sole of one of your curling shoes which is slick and it helps you slide or move along the ice.
- **Shot rock:** at any time during an end, the stone closest to the button.
- **Sweeping:** in front of the stone makes the stone go further or affects the amount of curl a stone will have on the ice.
- **Tee Line:** The line on the playing surface that runs through the middle of the house.
- **Weight:** The amount of force used to deliver the stone.
